

ACR 1: Documentation

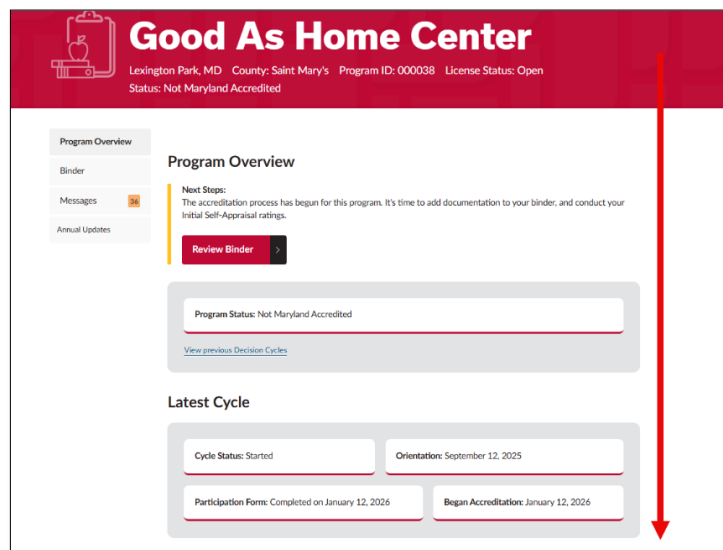

Proof of Maryland Accreditation Process

ACR 1.4 requires that a program has begun the accreditation process with an organization recognized by MSDE, is actively pursuing accreditation, and is within the time allowed by the accrediting organization.

For programs pursuing Maryland Accreditation, the following steps will guide you in providing appropriate documentation.

Log into the system and access your program's profile card. Take a screenshot of the Program Overview page of your latest cycle. The screenshot must include:

- Program Name
- Program ID/License Number
- Date accreditation process began

Submit the screenshot to the Maryland EXCELS system in Accreditation and Rating Scales: Accreditation (ACR 1). For more information on submitting documentation, access the tutorial, [Uploading Documentation to the Maryland EXCELS System](#).
